

Early Development and Proven Precision Filling Technologies

EXPERIC

Process Development: QbD and Risk Assessment

Our Collaboration is Your Advantage

Accelerate Time to Market

- Expert process development
- Clinical and commercial manufacturing
- Packaging, labelling and distribution
- Build-to-suit suites

Solve Manufacturing Challenges

- Product and equipment expertise to optimize processing
- Proven, scalable precision powder filling

Mitigate Risk

- Experienced, collaborative team streamlines tech transfer
- Robust quality management system
- Mitigates scale-up risk
